TAKE A CLOSER LOOK AT FSW1354HF

- Accommodating a home of up to 3,500-4,500 square feet with 6+ people living in the home.
- Providing filtered and salt-free conditioned water throughout your entire home.
- Protecting you and your family from chlorine, chloramines, lead, volatile organic compounds, herbicides, pesticides, pharmaceuticals, and many more hazardous contaminants from tap water year after year.
- Say goodbye to unsightly scale & hard water stains on kitchen & bathroom fixtures, shower doors, kitchen appliances, ice makers, water heaters.
- Factory equipped with connections to accommodate 1-1/4"-1-1/2" main water lines.
- Flow rate of up to 25 gallons per minute (gpm) flow rate – will not reduce flow rate or water pressure.
- Will accommodate city or well water, **well applications require complete and independent testing.**
- Regeneration/backwashed water is eco-friendly, clean, and free of salt, making it safe for use in landscaping, refilling a swimming pool, or even drained into a sewer line with a proper air gap.

FEATURES & BENEFITS

- Healthy, great-tasting, odor-free water for your entire home.
- Hassle-free system does not require any regular maintenance or filter changes.
- Protecting you from contaminants that are absorbed into the skin while showering and bathing
- Proudly producing the best ultrapure acid-washed catalytic coconut shell granular activated carbon (GAC) and filtering down to an impressive 5 micron.
- High purity KDF55 copper-zinc formula removes heavy metals like lead and mercury and extends the life of our ultrapure granular activated carbon (GAC)
- Inline conditioning chamber physically conditions water hardness minerals of up to 30 grains of water hardness.
- Systems meet and exceed all NSF, ANSI, and California State standards and compliances.
- Simple installation, similar to a water heater or tankless water heater.
- Smart control valve will monitor and display flow rates and total gallons used from day one of installation. The control valve is pre-programmed from the factory to regenerate every 7 days.
- Beautifully polished stainless steel metal full-length protective cover.
- 10-year or 2,500,000 gallon filtration media lifespan.
- 10-year warranty on the tank, bottom distributor, conditioning chamber, riser tube, control head
